“ At one time, several of us in the Air Eng dept went out to the shop because they needed extra help. I wore a nametag that said "guest machinest". After a week doing a very difficult job, scrapping 10%, Bobby came up to me & said he had another of the same to do. I protested, saying I was any good at it. He said I was doing great, that the younger guys would scrap 50%. That's the kind of guy he was, a great boss. We were good friends ever since. My prayers are with the survivors, & I know what good faith Bobby had.

“ Bob was a friend and a fellow mason. We enjoyed many wonerful holidays in Rockfor, Il. at the home of his sister-in-law Faye Price. My children still refer to him as Uncle Bob and his first wife as Aunt Low. His son Steve will always have a special place in our hearts as we knew him from the time they brought him home and we watched him grow in to a loving young man. We will miss you Bob but we know that you are at last at peace and will join your family and friends in that celestial place of everlasting peace. God speed my friend. “ Bobby hired me (Ron Jensen) at WGC and I worked for him for the next 15 years. needless to say we were good friends. I continued to work on and off with Bobby for the rest of his time at WGC. No matter what job Bobby held when I had a problem he would always take the time to give me great advice that I could depend on, and for that I'm very thankful. Bobby was always living his love for God and was always ready to share his love for Christ Jesus with others. Because of his living a Christ like life is why I stayed working for him so long. Like I tell my kids the best thing in my life is yet to come and that is my reunion with the Father -Son -& Holy Ghost.. God bless you Bobby, our condolences and prayers are with the survivors
