“ *Dear Aunt Paula.. I can only imagine the pain and heartbreak you are experiencing right now. I loved Uncle Ed with my whole heart. I was thinking last night about all the lives the two of you have touched and made better because of the love both of you showed to everyone. My most favorite childhood memories are all about being out in Frog pond and just having so much fun. I just remember being happy when I was there. My heart is aching and feels so broken at losing Uncle Ed. He was a great role model for so many young people; that's so evident when you look at the kids. I love all of you very much and miss you so much that it hurts. Please call or text or facebook me if you ever want to talk. I'm so sorry I couldn't stay longer and spend more time with you. It just about killed me to have to leave you there and say goodbye so quickly. I love you with all my heart Aunt Paula. You are such a special person to so many, many people!*

That moment changed everything. U gave me more than i ever knew. The breath n my lungs, blood n my veins,the love for mustangs,races,and the outdoors,but most important "Life".
