“ Judy and I, along with our two sons, were very close to Bill and Marge. They were special friends to us. Our children remembered them at Christmas for the last 30 years. We did not know of Marge's passing until the 24th, but remember Bill's passing also on Memorial Day weekend in 96. They were role models for so many educators and young people.

“ Edwin and Family,

*Upon my return from a trip, I was saddened to learn of Marge's death. We had been friends for many decades, were neighbors in the '60s and taught together in the '70s and '80s. Paul also taught with Bill for years at RHS and we remember both of them fondly.*

“ Mrs. Robinson taught me science in either 7th or 8th grade. She made learning fun and her laughter was contagious. Please accept my sincere sympathy.
