“ I knew Mary through Southern Rural Health Care Consortium. Mary was a very special person. She never took advantage of people or took people for granted. She was good to the core. I will miss her.

“ Mary I will never forget you, from the first day I met you back in 96 at Southern Rural to the going away party for retirement, still have pictures. You were so kind to me, and I love you. God gained a wonderful angel.

“ So sad to read this and so very sorry?I worked with Mary for several years at Southern Rural. She was quite a character, one I?ll never forget. She never forgot my birthday, even called me this past November, but I?m sure I forgot to call her on hers. I?ve been remembering all the fun times we?ve had today?and laughed and cried off and on all day. Shouting (well actually this Bama fan is whispering) a big War Eagle just for you Mary? I?ll plant a CRIMSON colored rose just for you this summer. We?ll all miss you!!!
