“ Ray was a wonderful man that I will never forget. He was always kind hearted and would help anyone he could. My Favorite memories of him will always be the fun times that we had fishing together. I will never forget on one trip to Wheeler Dam, I told him I was going to catch one so big that when he opened his mouth all you could see was his tonsils! He just looked at me with that look of his and said "has fish got tonsils"? We laughed about that for years!
